Anti stains

RENOLIT ALKORPLAN XTREME swimming pools are designed to remain in perfect condition, even with high bathing loads and aggressive chemical products.

Get the most enjoyment from your pool.

RENOLIT ALKORPLAN XTREME is a soft, flexible, reinforced membrane. It is the result of the most advanced technological development in pool liners. It will withstand the wear and tear of regular, everyday use by large numbers of bathers and the resultant high level of pool cleaning chemicals.

Guarantee

15 Years

Watertightness

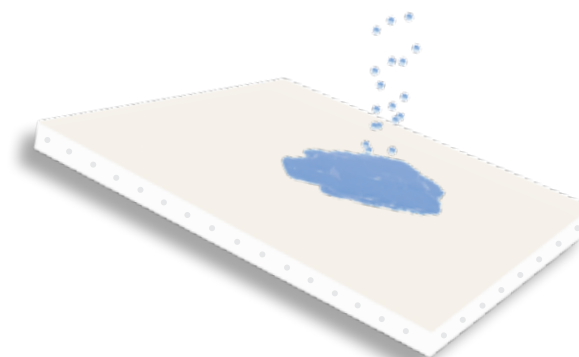

RENOLIT ALKORPLAN XTREME is a completely watertight lining designed to ensure that your pool does not lose a single drop of water while presenting an attractive appearance.

RENOLIT ALKORPLAN XTREME

Pools that stand up to anything!!

RENOLIT ALKORPLAN XTREME is the only fully waterproof pool liner that comes with a written guarantee!

The integrity of the waterproofing of your pool is essential to avoid the possibility of any water ingress to your or your neighbour's property.

We are so confident of RENOLIT ALKORPLAN XTREME that we will issue a 15 years written guarantee of its watertight properties.

RENOLIT ALKORPLAN XTREME

Pools that stand up to anything!!

The reinforced membrane is the most efficient lining on the market, being suitable both for new pools and renovations.

*It can be installed over any pre-existing material in half the time of other types of lining, and will cover any leaks or cracks in the substrate.
All renovations are guaranteed watertight.*

*Pools meant to be part of your life.
In addition to being resistant,
these elegant pools do not go out of style.*

*Lining your pool with RENOLIT ALKORPLAN XTREME
will make it the ideal venue for memorable occasions.*

RENOLIT ALKORPLAN XTREME

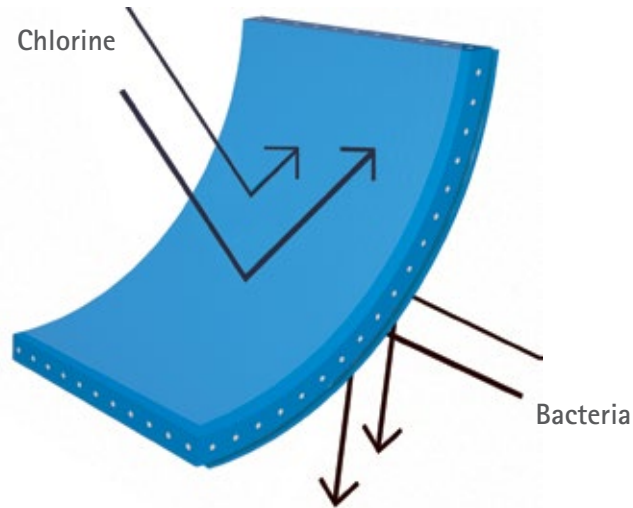

Pools that stand up to anything!!

RENOLIT ALKORPLAN XTREME protective shield prevents the membrane from becoming discoloured, repels dirt and does not allow bacteria to cause irreparable staining.

RENOLIT ALKORPLAN XTREME, has an extremely dense protective shield that covers the entire surface, both on the front and reverse sides. It cannot be penetrated by chemical agents or bacteria and is highly resistant to random grazing and scratching.

For this reason RENOLIT ALKORPLAN XTREME offers:

A shield that effectively safeguards the colour of the membrane and repels dirt at the waterline.

Impenetrable protection on the reverse surface, against fungi, algae or bacteria prevents the appearance of stains.

RENOLIT ALKORPLAN XTREME deals effortlessly with high bathing loads.

Its robust, smooth surface makes it extremely bather friendly and very popular in water, parks and wave pools that require hard wearing surfaces that are chlorine UV resistant.

RENOLIT ALKORPLAN XTREME 's high resistance to UV light makes it especially suitable for areas exposed to direct sunlight.

5-year written guarantee against the aggressive attack of UV rays.

RENOLIT

Rely on it.

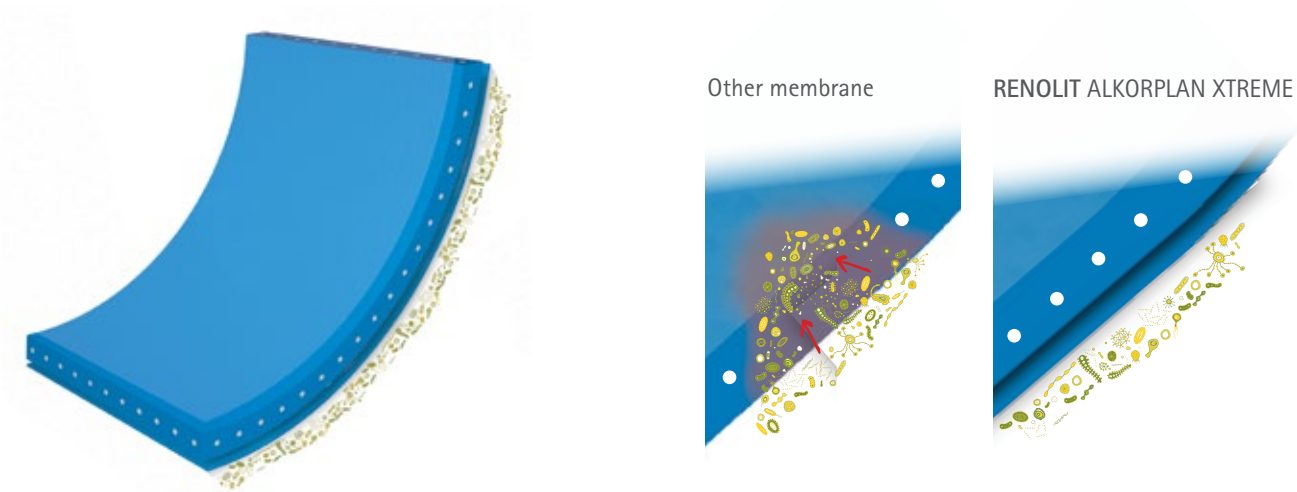

Guarantee

5Years

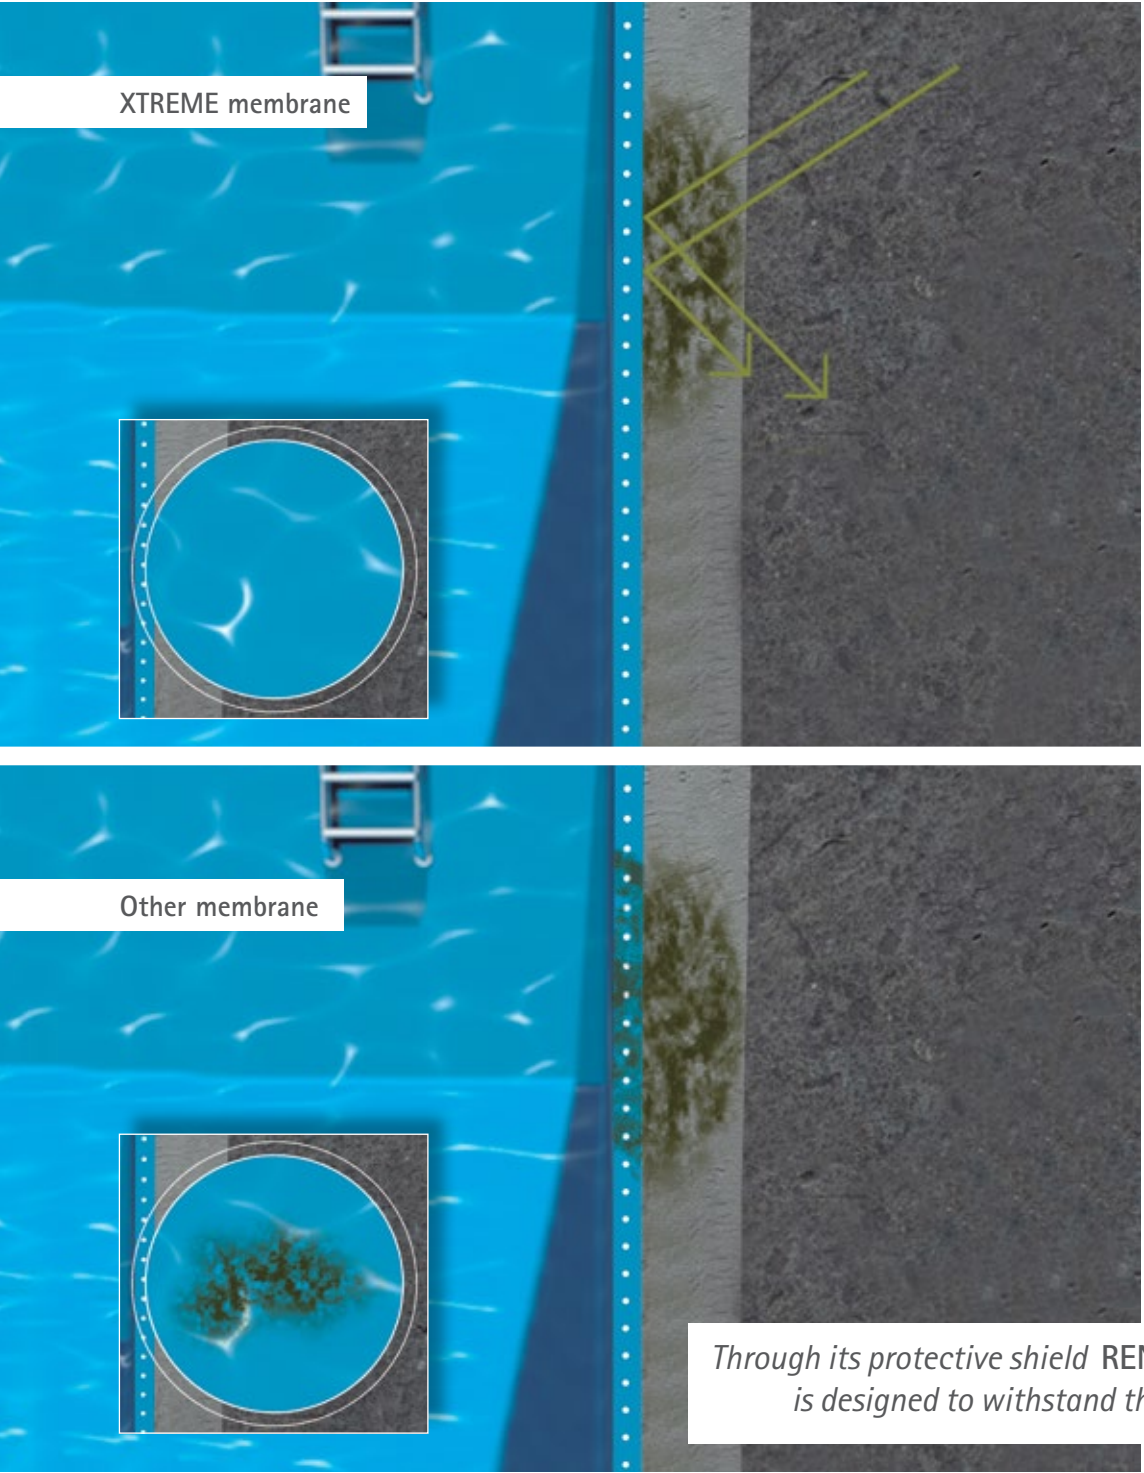

Anti stains

RENOLIT ALKORPLAN XTREME has a lacquer shield that protects both surfaces against sunlight and aggressive chemicals.

The anti blocking lacquer protects the liner from ingress by the bacteria that live in the dark recesses between liner and substate, preventing the development of indelible stains on the surface of the liner.

*See our warranty and water maintenance guides in www.renolit.alkorplan-xtreme.com

Moisture, fungi and bacteria are repelled and prevented from penetrating the membrane to cause staining.

Through its protective shield RENOLIT ALKORPLAN XTREME is designed to withstand the most extreme conditions.
